# *Your fairytale wedding in a French Château*

## AN AMAZING WEDDING VENUE WHERE DREAMS COME TRUE

Achieve that 'WOW' factor with a romantic wedding at the Château De Lastours and enjoy a lifetime of memories. Our venue is fast becoming more and more popular with couples looking for a spectacular setting that still represents great value for money. The combination of a chateau venue, the fairytale scenery and the world famous cuisine and wines of the region means that the stage is set. What could be more romantic than getting married at the Château De Lastours in the popular French region of the Midi-Pyrénées in the heart of South-West France, between Bordeaux and Toulouse.

When you book Château De Lastours as your wedding venue it will become yours for the weekend, to celebrate with friends and family in the way you choose. There are no 'one size fits all' wedding packages. We provide the wedding venue and accommodation and then with our help and advice on the other ingredients that make a memorable occasion - food and drink, music, dancing etc. you can make your dream become a reality.

Weddings are family occasions, so your guests, of all generations, should feel comfortable with the venue, children and babies are more than welcome and we have facilities to ensure that everyone has a great time.

Our newly renovated Orangery can accommodate over two hundred guests, and is offered in various packages. From a simple hire charge covering just the venue, leaving you to choose and pay for all the other components of the occasion, to an all in price for everything - venue hire, exclusive use, civil ceremony, catering and all reception and event services and every sort of variation in between to suit your requirements.

### DESTINATION FRANCE - WEDDINGS FOR FOREIGNERS

Many people come to France to get married. However, the paperwork to arrange a civil wedding while out of the country is complex. Non-residents who do not have a parent living in France require a special dispensation to get married in the country, and this is very rarely granted. Many couples prefer to have their civil wedding in their country of origin or residence, and hold a second, religious or secular, ceremony in France.
